LEGISLATION IN BRIEF:

Ryan White Part B Award

What is the reason for this legislation?

To accept the funding award to provide Ryan White Part B Funded Medical Case Management, Referral for Healthcare Support Services, and Early Intervention Services for persons living with HIV within the eleven county Kansas City, Missouri Transitional Grant Area (KC-TGA). This Grant Award Agreement in the amount of $1,127,564 is a subaward of the Ryan White HIV Emergency Relief grant provided to the Missouri Department of Health and Environment, The Ryan White Part B Recipient. This award enables the Kansas City Health Department (KCHD) and its local community partners Kansas City Care Health Center, Thrive Health Connection, and Truman Medical Center to provide client level services for persons living with HIV. This grant is effective from April 1, 2021 to March 31, 2022.

Discussion (including relationship to other Council actions)

This funding will help ensure that all residents living with HIV/AIDS within the Kansas City Transitional Grant Area (KC-TGA) have access to medical care and support services that will remove barriers the will enable persons living with HIV engaged Tand be successful in treatment. The funds will provide culturally sensitive Case Management, Referral for Health Care Support and Linkage to Care services fo persons living with HIV.

Ryan White Part B services are a range of client-centered services that link clients with health care, psychosocial, and other services. Activities will include (1) identifying and screening clients; (2) Assessing each client's medical and psychological history and current service needs; (3) Developing and regularly updating a service plan based upon the client's needs and choices; (4) Implementing the plan in a timely manner; (5) providing information, referrals, and assistance with linkages to medical and Psychosocial services as needed; (6) Monitoring the efficacy and quality of services through periodic reevaluation; (7) Advocating on behalf of clients to decrease services gaps and remove barriers to services and (8) Helping clients develop and utilize independent living skills and strategies. In 2020, KCHD and its subrecipients provided services to over 2800 persons living with HIV.
