Hello,

As someone who lives off 28th Ter and Paseo, I fully support expanding the protected bike lane down 27th St to Paseo. So far with what the city has done with the bike lanes it feels like more of the same, keeping all the development west of Troost. I don't know why. My girlfriend and I ride our bikes often and I see other people in the neighborhood riding bikes too. Bike lanes should be added to our neighborhood.

Kind Regards,

Jesus Borges
