Subject: In support of Ordinance #2000907

Hello,
I am writing in support of Ordinance #2000907 to create a LGBTQ commission in Kansas City. Protections for LGBTQ people in Missouri are woefully inadequate, but we can at least do better in our city.
The stated objection "if the LGBTQ community gets this, what are we going to do if the Latino and women's community want a Commission?" is ridiculous. Holding back a marginalized group because we might have to uplift other groups in a similar manner is a very disappointing attitude from a 'Human Rights' commission. Do better.
