Justice.

I am very much interested in participating with the LGBTQ Commission. The last eight years, I have served as Executive Director for the Kansas City PrideFest which experienced significant growth during my tenure. My work on this event has certainly given me a good understanding of the complexity of our community and the issues we face.

Before I started my own small business 17 years ago, I worked for the Greater Kansas City Chamber of Commerce. In fact I contribute my success to the many years of employment at The Chamber. I

learned so much about our business community and the city and realized what a wonderful place Kansas City really is.

I also have a number of candidates who I feel would also contribute to the goals of the LGBTQ Commission. Please advise on your level of interest or how I can be of service to you further.
