Dear City Council City Council,

I am asking you to oppose Ordinance 230092. The Truman Road protected bike lanes deserve to be preserved and completed.

Protected bike lanes are a proven step to prevent road deaths that happen all too often in Kansas City and on Truman Road.

Removing this crucial infrastructure will have a negative effect on the third district and and city as a whole; costing the district money and preventing additional measures to improve safety and quality of life.

Please oppose this ordinance.

Regards,
