Good morning,

I am writing to ask city council to oppose 210966. I live near the new Gilham bikes lanes and am a huge fan of the improvements and want to see more of them across the city. While I am primarily a driver, the parking protected bike lane improvements were a major factor in where I chose to live as they have made it more pleasant to for me to travel along Gilham by making the street feel safer (even in a car). This ordinance would make it more difficult to build these improvements elsewhere in the city, and for that reason I am opposed.

Furthermore, I urge the city council to follow the recommendations of BikeWalk KC by updating the complete streets plan per new national best practices and by adopting the city-wide bike plan.

Thank you,
Peter Kintner
