Dear City Council City Council,

I am asking you to oppose Ordinance 230092. The Truman Road protected bike lanes deserve to be preserved and completed. Protected bike lanes are an integral part to a sustainable and equitable transportation system. Creating continuous corridors, like the protected bike lanes on Truman Road, are an important stepping stone in creating a Kansas City that's accessible in a SAFE and convenient manner to more community members, not just those who have access to a personal vehicle. Thank you.

Regards,
