Subject:	Oppose Ordinance 210966
Date:	Saturday, December 11, 2021 11:07:14 AM

This ordinance sends us backwards! So much progress has been made, please don't let that end. Instead, please update the city's Complete Streets policy and pass the bike plan that should have been passed long ago.

Making biking in Kansas City easier encourages people to exercise and helps reduce our carbon footprint. Global warming is real.

Please vote NO on Ordinance 21966.

Sincerely,
Stephanie Fama
KCMO Resident
