Dear City Council City Council,

I am asking you to oppose Ordinance 230092. The Truman Road protected bike lanes deserve to be preserved and completed. The lower income citizens who live around Truman were not represented. They also vote. The loud child-like business owners who have been making threats of violence online are the ones being heard. If this is the most inexpensive way to resolve the speed and accident issues on Truman there's absolutely no reason to remove the bike lanes. Caving instead of working out a plan that would be be beneficial to everyone in the city is a complete waste of tax dollars and makes zero sense. Those who vote to remove bike lanes when cities across the country are working to become more carbon free will be remembered at the ballot box.
