Subject: Ordinance 210966

My name is Gregg Nurrenbern and I work in Kansas City's 3rd district at Samuel U. Rodgers Health Center. I have worked there for the last 10 years and I always ride my bike there. For me cycling is not only my form of transportation, but also an essential part of my health and wellness routine.

The dedicated bike lanes in the 3rd district help me to stay safe on my way to work. Riding a bicycle on any street already has an increased risk of injury compared to motorist and removing dedicated bike lanes would put other cyclist and myself at much higher risk of being injured. I understand there is a cost to a bike lane, but I firmly believe there is a much larger benefit. These benefits are increased traffic of people that will frequent local businesses,

increased health of the community and increased safety for cyclist. I strongly urge you to not pass Ordinance 210966.
