Ordinance: 26xxxx

05/12/2026

Finance, Governance and Public Safety

EV4467- Community Capital Fund

Procurement Process

Contract EV4467 is a one-year contract that is part of the Community Wellness Ambassadors program and is awarded to Community Capital Fund through a solicitation waiver.

The previous spend over the last 5 years has been \$460,000.

The Health Department anticipates spending \$153,567 this next fiscal year.

EV4467- Community Capital Fund

CCF Program and Outreach Efforts

- CCF provides highly engaging, educational, and meaningful services to historically underserved neighborhoods KS/MO.
- Through a continuous effort to be supportive of neighborhoods' greatest needs, we consistently gather feedback about CCF's programs and services throughout the year, adjusting them as needed.
- CCF has demonstrated effectiveness, established trust, and strong community presence, which are critical to successful program implementation.
- Services directly support the KC Blueprint for Violence Prevention and advance Citywide goals related to safe, healthy, and thriving neighborhoods.
- The ordinance reinforces a prevention-focused, trauma-informed strategy that addresses violence as a public health issue rather than solely a criminal justice matter.
- The contract includes defined deliverables, performance metrics, and reporting requirements to ensure responsible use of City funds and measurable impact.
- Leveraging an experienced partner allows the City to implement services more efficiently than developing internal capacity, reducing delays and administrative burden.
