---

Dear City Council,
I am a resident of Hyde Park and have been a KC resident for 8+ years.

Adopting legislation 210966 would be a major step back for Complete Streets and Vision Zero in KCMO, hindering our efforts on equity, safety, health, the environment, and more. There are better ways to engage the community and build safer streets, such as updating the city's Complete Streets policy, and adopting the long-stalled Bike Master Plan.

I have been so excited to see the progress we've been making as a city with more bike lanes - and subsequently, people using them. Let's not retrogress. We can find alternative solutions.

Thank you in advance. I'd be happy to speak about this more via email or call: 301-980-2781.

Sincerely,
Lesley Pories
