---

To the Neighborhood and Planning Development Committee,

Please find attached from the Old Hyde Park Historic District board a letter requesting another continuance for the Mac Properties development at Main and Armour.

Key reasons for the request:

1. Staff held a preliminary meeting with neighbors on January 4 to discuss parking options, of which just one was discussed. More meetings are to follow.
2. The Old Hyde Park Historic District board has a meeting scheduled with Peter Cassel of Mac Properties on January 12, 2023, the day after the committee hearing.
3. City staff Matthew Muckenthaler will be our guest at our neighborhood meeting on February 15 to discuss parking options for the neighborhood.

We appreciate your consideration.

Sincerely,

Nadja Karpilow, President  
Old Hyde Park Historic District
