VACATION REVIEW

The street proposed for vacation is currently an unimproved street that terminates in a dead end. The surrounding area includes vacant, platted properties to the east and west, specifically within East Center Blocks 14 through 19. To the south lies a parcel of land owned by the applicant. Single-family residential properties development lies to the north of East 32nd Street.

The objective of this vacation request is to facilitate the development of the site to the south, which is zoned for industrial use. The applicant's intention is to fully utilize the property located at 5819 East 32nd Street. A key element of the applicant's intent involves the vacation of Bellaire Avenue, among several other street vacations proposed in conjunction with this development. This is a companion case with CD-ROW-2024-00015. This proposal is part of a broader initiative that includes multiple vacation requests in the vicinity. A development plan would be required since the site is zoned industrial and larger than 10 acres.

The public right-of-way in question currently has only private utilities within the right-of-way, specifically AT&T facilities. The lack of public utilities has simplified the vacation process. There is a condition
