

File #: 220904

ORDINANCE NO. 220904

Directing the City Manager to enhance the audiovisual capabilities in the City Council Chambers on the 26th floor.

WHEREAS, currently there are only two audiovisual screens for city council members to view during that city council's committee, business and legislative sessions in the city council chambers and the position of those screens are such that many of the city council members are unable to see or hear the presentations or testimony on the screens; and

WHEREAS, the addition of audiovisual screens will ensure that all city council members can adequately see and hear presentations and public testimony in the city council chambers; NOW, THEREFORE,

BE IT RESOLVED BY THE COUNCIL OF KANSAS CITY:

That the City Manager is directed to enhance the audiovisual capabilities in the City Council Chambers to ensure that all city council members can adequately see and hear presentations, public testimony and virtual city council members on the audiovisual screens.
