## Docket Memo

Ordinance/Resolution #: 250010

Submitted Department/Preparer: City Planning

Revised 6/10/24

Docket memos are required on all ordinances initiated by a Department Director. More information can be found in [Administrative Regulation \(AR\) 4-1](#).

### Executive Summary

Approving an area plan amendment to the KCI Area Plan for an area of approximately 59 acres generally located at Interstate 435 and NW Cookingham Drive by changing the recommended land use from mixed use community to commercial and industrial. (CD-CPC-2024-00031)

### Discussion

The applicant is expanding a previously approved development plan to allow for a speculative data center (communication service establishment). The proposed expansion will consist of an additional 30 acres east of the previously approved site. The 30 acres are undeveloped, currently zoned for agricultural uses, adjacent to Interstate 435 and generally flat. This area is currently designated Open Space/Buffer and Mixed Use Community in the KCI Area Plan. The requested amendment is for only the area designated Mixed Use Community and would amend this future land use to Commercial/Industrial, leaving the Open Space/Buffer land use unchanged. The Open Space/Buffer future land use depicts the existing stream buffer, which is not developable.

Staff recommends approval for the proposed area plan amendment. On June 5<sup>th</sup>, 2024 the City Plan Commission (CPC) voted 4-0 to approve the area plan amendment.

No public input was sent to staff and nobody testified in opposition to the application at the City Plan Commission hearing.
