

KANSAS CITY MISSOURI

Resolution No. 230969 – Contract Assistance Team Pilot Program

- Execution of funding agreements requires coordination of many City Departments, including but not limited to CREO, Law, Procurement, Finance, and department running the solicitation process
- Pilot team to include representatives from CREO, Law, Procurement, Finance, and department running solicitation process
- Duties include regular convenings to track and resolve contracting issues, develop shared processes, and provide recommendations on opportunities to improve City processes for distribution of funds for community-based projects

Resolution No. 230970 – Common Application for Housing and Economic Development Funds

- Central City Economic Development Sales Tax, Affordable Housing Trust Fund, HOME Investments Partnerships Program, Community Development Block Grant Program support housing and economic development priorities in the City
- Separate applications but opportunity to identify common components due to similar information required for each program
- Directs development of a common application for housing and economic funds administered by the City, and to evaluate and recommend administrative or legislative changes needed

Resolution No. 230971 – Terms and Conditions for Funding Agreements

- Contracting processes for non-federal economic development required for Central City Economic Development Sales Tax, Affordable Housing Trust Fund, and Public Improvements Advisory Committee funds with certain terms and conditions
- Directive to review current terms and conditions to identify opportunities to streamline language and expectations for applicants and City staff
- Include language implementing Ordinance No. 230316 (incentivized project timelines) and requiring CREO goals upfront during each RFP process
