- **About 0.73 acres, Zoned R-5**
- **Approval of a development plan/ preliminary plat**
- **To allow for five (5) residential townhomes in two (2) phases on one (1) lot.**
- **There is an existing 2-story duplex on the parcel.**
- **The proposal will allow for 3 new townhomes.**
- **The condominium plat is necessary so that all 5 for sale units can be served by utilities through a common tract.**
- **Phase I will allow for a minor subdivision (condo plat) of the existing duplex and creation of a separate tract that allows for phase II.**

- **Site Challenges - The site slopes from south to north towards Ward Parkway (Brush Creek). 45-40 feet change in grade. from north to south presents additional challenge on this site. The developer has stabilized the site with retaining walls and ground cover.**
- **Access will be via vacated W. 49th Street. This is a private drive that serves this parcel and the 433 Ward Parkway Condominiums.**
- **As part of the approval of the development and the vacation of W. 49th Street, a permanent turnaround was required at the terminus of W. 49th Street. This development will be able to provide that required turnaround per KCFD specifications.**
