

ORDINANCE No.: 260430

Authorizing an amendment with Oshkosh AeroTech, LLC for procuring parts in support of the operation and repair of the passenger boarding bridges at Kansas City International Airport.

40 glass sided passenger boarding bridges in operation at MCI to facilitate approximately 12 million passengers annually

Bridge composition

- PCA – Pre-conditioned air (heat/cool aircraft)
- GPU – Ground power unit
- RTU – Roof top HVAC unit and ventilator
- Potable water cabinet

Amendment will (1) add an additional \$1,200,000 for spare parts inventory at 10% mark-up to City through contract expiration on April 30, 2028, (2) recognize the contractor name change from JBT AeroTech Corporation to Oshkosh AeroTech LLC, and (3) update required federal language.
