Subject: Case # 230198
Date: Tuesday, March 7, 2023 10:51:28 AM

Hello, this is Benjamin Wisdom. As a business owner at Cristina's Produce and Burrito Bros. For over 20 years. At the City Market. My success has been obtained by my many talents, and, hours of hard work.

I have a deep passion for my job, and my employees are very loyal and dedicated. Some of them travel from the suburbs to work and, the rest from surrounding cities around the City Market. Therefore, I just want you to take into deep consideration, the interest of my employees in providing them with a safe and healthy and, convenient place to park at the City Market. I have many day to day obstacles as a business owner and, I don't want parking to become an obstacle for my employees.

I know that the City Harvest Development will bring a new vibe to the market. I am all for it. Trust me. I just want my employees to be able to have a place to park. Thank you for your concern.
