<p><b>Discussion</b></p> <p>Liberty and KCMO entered into a Cooperative Agreement for Sewer Service on November 15, 2019 that addressed issues including but not limited to: (1) ownership or use of the Little Shoal Creek Interceptor Extension, the South Liberty Line and their appurtenances, (2) fair compensation and terms for the sale/purchase/use of these assets, and (3) the rights, obligations and terms for future sewer services or connections to either party's sewer system or facilities.</p> <p>Liberty has informed KCMO that Segment 2 needs significant repair to remain in operation and KCMO has elected to connect to the Liberty interceptor sewer constructed as part of the Liberty Treatment Plant in lieu of making needed repairs to Segment 2.</p> <p>The Agreement authorizes emergency treatment services to KCMO upon failure of Segment 2, but KCMO desires temporary non-emergency treatment services through the connection at the Liberty interceptor sewer.</p> <p>The Parties now desire to amend the Agreement to address future services, KCMO's disconnection from Segment 2 responsibilities, and Liberty providing treatment services to KCMO on a temporary, non-emergency basis.</p>		<b>Staff Recommendation</b>	<input checked="" type="checkbox"/> For <input type="checkbox"/> Against <p>Reason Against</p>
