Subject: Vote YES - Ordinance 230613 and Resolution 230618
Date: Saturday, July 29, 2023 5:50:58 PM

Dear Members of the City Council,

Please vote in support of Ordinance 230613 and Resolution 230618.

Both of these ordinance's are the bare minimum our city should be doing to encourage mobility freedom and being fiscally responsible for it's residents.

In addition, vision zero which is a resolution the city has adopted conducted research that shows that the more lanes in a roadway the more likely someone is to be killed on that stretch of road. Traffic counts on many major street/roads (stroads) in KC have revealed that many of KC stroads are vastly overbuilt and re-striping them is an economical way to accomplish vision zero goals and to reduce the infrastructure burden that past generations have saddled us with.

Please vote in favor of these ordinances and lets kill the stroad!
