Ordinance Fact Sheet

Case No. CD-CPC-2021-00195

Brief Title

To approve a Preliminary Plat for Bandom Acres

220161

Ordinance Number

Details

Location: 7400 N Broadway generally located at the northwest corner of Northwest 74th Street and North Broadway

Reason for Legislation: To Consider approval of an interjurisdictional preliminary plat within the cities of Gladstone, Missouri and Kansas City, Missouri in District R-80 (Residential 80) on about 8 acres (9.5 acres total), creating two lots

See attached City Plan Commission Staff Report for a detailed description and analysis of proposal.

CITY PLAN COMMISSION RECOMMENDATION:

Approval subject to the following conditions:

1. That the developer submit a final plat to be approved by the City of Gladstone, MO prior to Mylar approval by the City of Kansas City, MO.
2. The developer must secure permits to extend public sanitary and storm water conveyance systems to serve all proposed lots within the development and determine adequacy of receiving systems as required by the Land Development Division, prior to recording the plat or issuance of a building permit whichever occurs first.
3. The developer shall cause the area to be platted and processed in accordance with Chapter 88, Code of Ordinances of the City of Kansas City, Missouri, as amended, commonly known as the Development Regulations.
4. The developer must submit covenants, conditions and restrictions to the Land Development Division for review by the Law Department for approval for the maintenance of private open space and enter into a covenant agreement for the maintenance of any stormwater detention area tracts, prior to recording the plat.
5. The developer must pay impact fees as required by Chapter 39 of the City's Code of ordinances as required by the Land Development Division.
6. The developer must grant on City approved forms a STREAM BUFFER Easement to the City as required by Chapter 88 and Land Development

Division, prior to issuance of any stream buffer permits.

7. The developer shall submit an analysis to verify adequate capacity of the existing sewer system as required by the Land Development Division prior to issuance of a building permit to connect private system to the public sewer main and depending on adequacy of the receiving system, make other improvements may be required.
8. The owner/developer must submit plans for grading, siltation, and erosion control to Land Development Division for review and acceptance and secure a Site Disturbance permit for any proposed disturbance area equal to one acre or more prior to beginning any construction activities.
9. The developer must submit a Macro storm drainage study with the first Plat or Phase, from a Missouri licensed civil engineer to the Land Development Division showing compliance with current adopted standards in effect at the time of submission, including Water Quality BMP's, to the Land Development Division for review and acceptance for the entire development area, and submit Micro storm drainage study with each subsequent Plat or Phase showing compliance with the approved Macro and adopted standards. The developer shall secure permits to construct any improvements as necessary to mitigate impacts from rate, volume, and quality of runoff from each proposed phase, prior to recording the plat or prior to issuance of a Building Permit, whichever occurs first as required by the Land Development Division.
10. The developer must obtain the executed and recorded city approved grading, temporary construction, drainage/sewer, or any other necessary easements from the abutting property owner(s) that may be required prior to submitting any public improvements crossing properties not controlled by the developer and include said document(s) within the public improvement applications submitted for permitting.
11. The developer shall submit a final stream buffer plan to the Land Development Division for approval prior to issuance of any building permits and obtain permits for the Stream Buffer prior to removal of any mature riparian species within the buffer zones due to construction activities on the site, in accordance with the Section 88 415 requirements.
12. The developer must grant a [BMP and/or Surface Drainage Easement] to the City as required by the Land Development Division, prior to recording the plat or issuance of any building permits.
13. The developer is responsible for dedication of

Do not pass

parkland, private open space in lieu of parkland, or payment of cash in lieu of either form of dedication, or any combination thereof in accordance with 88 408. Should the developer choose to pay cash in lieu of dedicating all or a portion of the required area, the amount due shall be based upon the (2021) acquisition rate of (\$48,801.37) per acre. This requirement shall be satisfied prior to recording the final plat.

- 14. Water & Sewer Sewer connection letters from Gladstone, MO. & Kansas City Water Services must be on file before the Plat is recorded.
