### Executive Summary

Amending Chapter 88, the Zoning and Development Code, by enacting a new section to be known as Section 88-586, Demolition Review, and amending any other necessary sections of Chapter 88.

### Discussion

The proposed Demolition Review process will provide a predictable process for reviewing requests to demolish buildings by establishing an appropriate waiting period during which the City and the Applicant can propose and consider alternatives to the demolition of a building of historical, architectural, cultural or urban design value to the City. It will provide an opportunity for the public to comment on the issues regarding the demolition of a particular building with the goal of minimizing the number and extent of building demolitions where no immediate re-use of the site is planned. Below is a summary of the three processes for reviewing demolitions.

#### EXEMPT FROM DEMOLITION REVIEW

- Properties listed on Kansas City Register (They will follow the historic review process)
- Buildings less than 50 years old
- Accessory buildings less than 200 square feet
- Buildings determined not eligible for historic listing in the last 4 years
- Dangerous buildings as establish in Chapter 56

#### STAFF REVIEW WITH NOTICE

Staff may approve demolitions for properties deemed not eligible for listing on the National Register of Historic Places with a seven (7) day notice sent to the Historic Preservation Commission, the registered neighborhood association and Citizen Connect contacts. If a member of the historic preservation commission objects in writing by email within seven calendar days of notification, then the case will be forwarded to the next commission meeting. If no commission member objects in 7 days, the demolition will be approved.

#### COMMISSION REVIEW

- The historic preservation commission must hold a public hearing on the proposed demolition within 45 days of receipt of the application.

- They will make a determination if the property is eligible for listing on the Kansas City or National Register of Historic Places.
- If the property is found to be listed or eligible for listing on either the Kansas City or National Register of Historic Places, then no demolition permit shall be issued for a period of 45 days following the date of the decision of the commission.
