

EVP4148 Inventory Management and Fleet Parts

Ordinance: 26xxxx

03/03/2026

Transportation, Infrastructure and Operations Committee

Procurement Process

- Contract ID: EVP4148 authorizes a piggyback contract with Genuine Parts Company (NAPA) for inventory management and fleet parts.
- Agreement is based on Sourcewell National Cooperative Contract with Genuine Parts Company (NAPA)
- One year, with five annual renewal options
- Historical annual spend average \$3M; current estimate spend \$2.5M each year
 - Costs are budgeted within existing Fleet Services accounts.

Inventory Management and Fleet Parts

- NAPA, via its Integrated Business Solutions (IBS), offers on-site inventory management, customized parts, and a national network that minimizes vehicle downtime and maintenance costs.
- The Genuine Parts Company contract provides parts for the city fleet with added savings to support reliable vehicle operations.

Key Advantages:

- Cost-effective pay-when-used model
- Wide parts availability through a national network
- Customized technology and service
- Focus on sustainability and compliance
