Executive Summary

Amending Chapter 18, Code of Ordinances, by repealing Article XIV, Section 18-367 entitled "Adoption of International Energy Conservation Code (2021); amendments" and enacting, in lieu thereof, a new section of like number and subject matter that provides amendments to the residential energy (RE) section for exterior wall insulation, total building performance (HERS), energy rating index compliance (ERI), duct testing, and energy code analysis (ECA) plan pages to promote regional competitiveness and support economic development.

Discussion

This ordinance amends Chapter 18, Code of Ordinances, Section 18-367 to make changes to the City's adoption of the International Energy Conservation Code (2021). These changes are as follows: removing the requirement for Energy Code analysis plan sheets when the permit applicant submits documentation showing the proposed building will meet or exceed the compliance method scores; removing the required duct leakage testing when all ductwork is located entirely within the building thermal envelope; and measures total building performance (HERS) and energy rating index compliance (ERI) by a score of 70 for single family residences under 2,000 square feet and a score of 65 for residences over 2,000 square feet.
