Description of Contract (Provide Details): (WMR along E. 1st St. from 400 Ft. W of Campbell St. to I-35/I-29 overpass)

Replacement of approximately 4,000 feet of 8-inch CIP water main with 8-inch restrained joint Ductile Iron Pipe along E. 1st Street (a/k/a Guinotte Avenue) starting from 400 feet west of Campbell Street and continuing east to the I-35 overpass. This project will require two jack and bore crossings with steel casings under Union Pacific Railroad tracks. There are also multiple existing underground utilities in the right of way which must be located and avoided including Evergy's high voltage underground and distribution duct banks with vaults, 24-inch high pressure gas main, 30-inch steam line, multiple storm and sanitary lines, 54-inch water transmission main, 8-inch oxygen line, and fiber optic/telephone lines. Sections of existing main must be removed and replaced in place with the new water main due to existing utilities and limited right of way.

Pursuant to RSMo. Section 610.021(11) & (12) documents related to bids will not be made available until bids are completed.

This document is submitted with all available facts. Intentionally falsifying this document or omitting pertinent facts is grounds for disciplinary action pursuant to KCMO Human Resources Rules & Policy Manual (eff. August 4, 2014).
