Executive Summary

FY2027 Sewer Rate Ordinance. This ordinance is part of the overall FY2027 budget ordinance in that it sets rates for the sewer usage and disposal for each customer class that utilizes the sanitary sewer system.

Discussion

The City of Kansas City Sanitary Sewer System determines its revenue requirements as part of its budgetary process for the upcoming fiscal year. This review includes a cost of service analysis that adheres to sanitary sewer industry standards which are used to appropriately allocate costs and set rates associated with each customer class that uses the system. The recommended revenue increase is necessary in part to meet increased costs due to inflow and infiltration, addressing capital improvement needs and meeting regulatory requirements in the overflow control plan. Further, passage of this ordinance continues the funding for the renewal and replacement fund, meets debt service requirements and assists in maintaining cash reserves to ensure adequate reinvestment in the system, which in the long term will support overall costs for maintaining sewer assets.

This ordinance will provide the Sewer Utility with an overall 6% sewer revenue increase. The fees and charges reflect the projected costs to operate the Wastewater Utility and provide service to its customers. The rate structure is proposed to be effective on billings for usage on or after May 1, 2026. For billings prior to May 1, 2026, the current rates continue to apply.

Fiscal Impact

1. Is this legislation included in the adopted budget? Yes No

2. What is the funding source?
Rates and user fees collected from users of the KCMO Sanitary Sewer System.
3. How does the legislation affect the current fiscal year?
It does not. It affects the upcoming fiscal year FY2027, effective May 1, 2026.
4. Does the legislation have a fiscal impact in future fiscal years? Please notate the difference between one-time and recurring costs.
It increases sanitary sewer rates in FY2027 in order to meet increased costs placed on the system by demand from each customer class.
5. Does the legislation generate revenue, leverage outside funding, or deliver a return on investment?
Yes, it generates revenue through the rates specified in the ordinance. The rates along with demand put on the system by customers will determine the revenue collected by the Sanitary Sewer Utility and enable the Utility to cover the costs of its operation in FY2027 and make capital investments to repair and improve the system.
