Good morning NPD Committee Members,

It has come to our attention that after three weeks since Ordinance 260219 was continued from the 3/10 hearing, and despite direction from this committee during that hearing, no revisions have been proposed by the planning department and appears none of the feedback provided by the eight concerned Midtown Neighborhood associations have been taken into any sort of consideration. We kindly request that you direct planning staff and/or their consultant to further engage with the concerned neighborhoods to find a middle ground that consistent with the city's long term plan while also agreeable to the neighborhoods you're entrusted with representing. As always, we thank you for your leadership and dedication to our great city.

Thank you for your consideration,

Chris Koch, AIA
