**VACATION REVIEW**

The applicant is requesting to vacate eight condominium plats. A condominium is defined as, a system of separate ownership of individual units with each unit owner entitled to a percentage ownership in the common elements evidenced by the recording of a plat and declaration of condominium pursuant to RSMo chapter 448. In each case, the buildings are platted as condominiums, but each unit is owned by one entity. The applicant is currently renting out each unit of the condominium as a multi-unit building and is the sole owner of each condo. This vacation of the condominium plat would return the structures into a multi-unit building under one ownership. All of the following vacations do not propose any changes other than the information labeled above and there will be no physical changes to each of the existing buildings. The vacation will change the ownership from multiple condominium owners to single ownership of each building. The condominium association and bylaws will also be dissolved.

**APPROVAL CRITERIA OF STREET, ALLEY OR PLAT VACATIONS**

In order to determine that no private rights will be unreasonably injured or endangered by the vacation and the public will suffer no unreasonable loss or inconvenience, the city planning and development director, city plan commission, and city council must consider at least the following factors:

**88-560-10-A.** All property owners adjacent to the right-of-way shall have legal access to another public right-of-way. Such access shall be physically feasible and shall not result in an unreasonable burden or unsafe conditions on the alternate right-of-way.

**88-560-10-B.** The retention of the public right-of-way or subdivision serves no current purposes and no future useful public purpose is anticipated.

**88-560-10-C.** The vacation will not result in a violation of 88-405.

**88-560-10-D.** The vacation shall not disrupt the constructed street network or reduce existing physical connectivity.

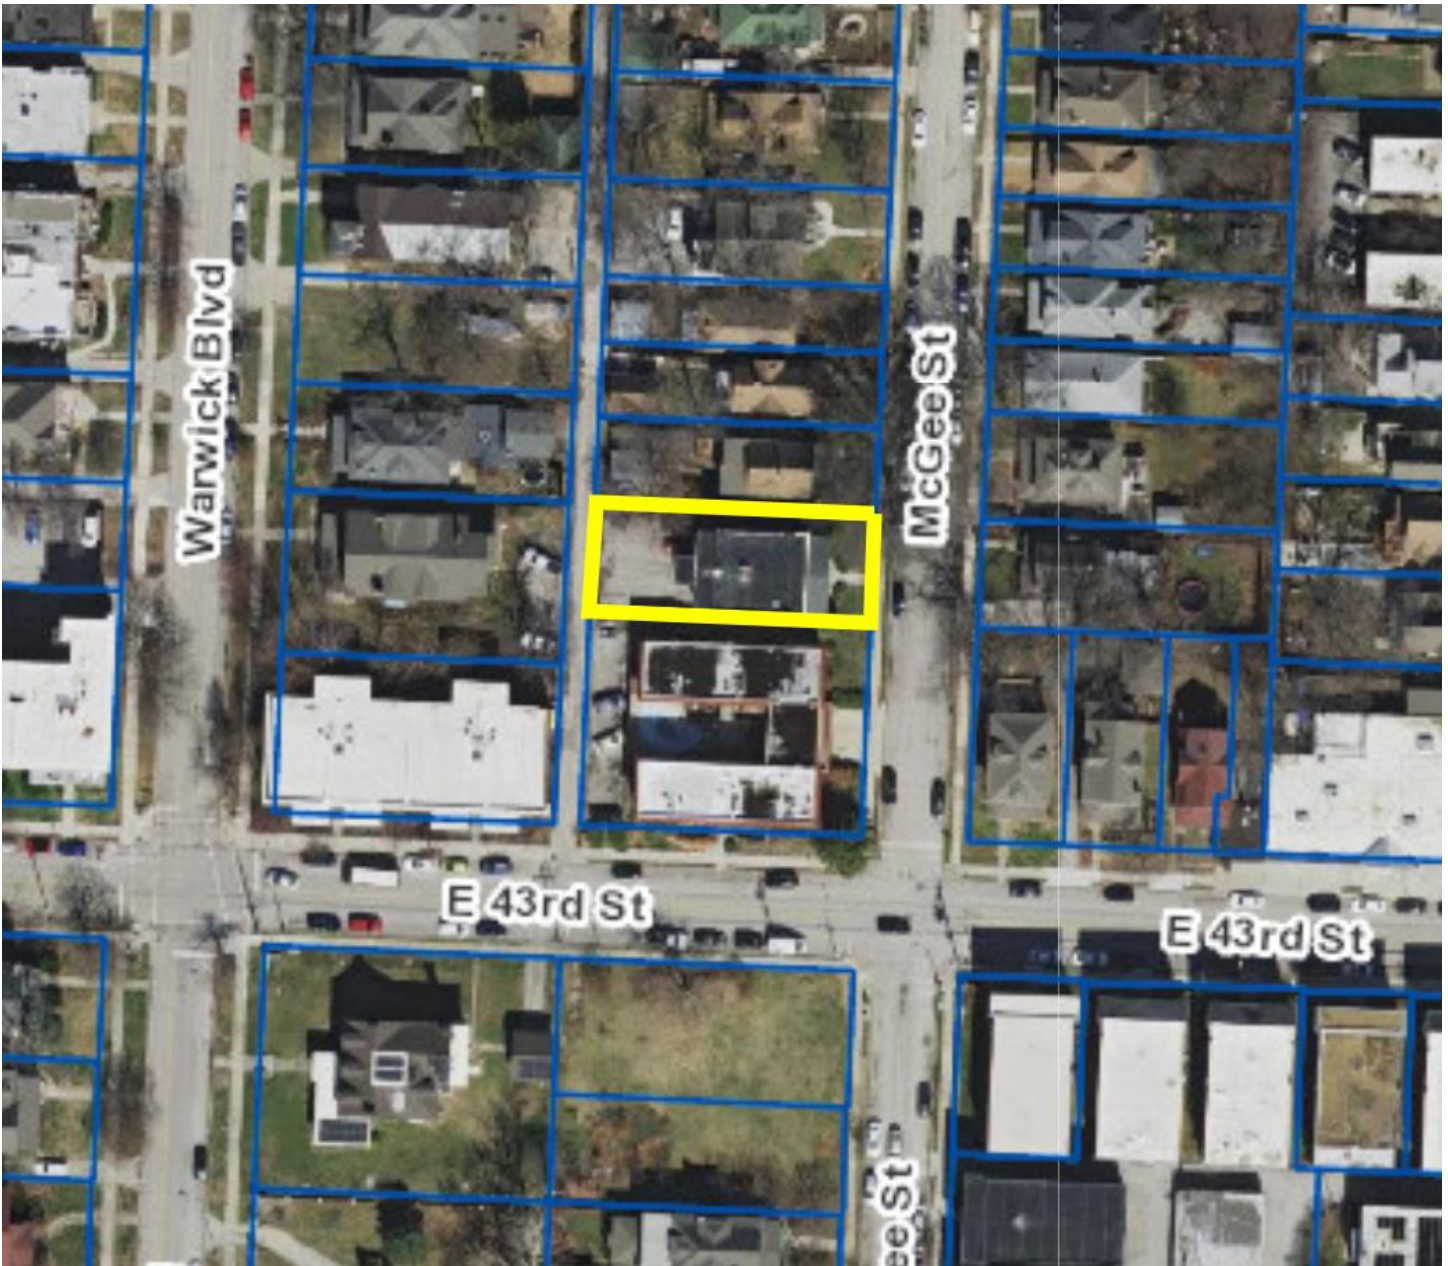

**88-560-10-E.** The vacation shall not result in a dead-end street or alley.

**88-560-10-F.** The vacation shall not result in street traffic being routed through an alley.

**88-560-10-G.** The vacation shall not vacate half the width of a street or alley.

**88-560-10-H.** The right-of-way to be vacated is not on the Major Street Plan.
