APPROVAL PROCESS

PROJECT TIMELINE

The application for the subject request was filed on June 17, 2024. Scheduling deviation from 2024 Cycle 8.1 have not occurred.

NEIGHBORHOOD AND CIVIC ORGANIZATIONS NOTIFIED

The is no active neighborhood organization or HOA association tied to the subject site.

REQUIRED PUBLIC ENGAGEMENT

Public engagement as required by 88-505-12 applies to this request. The applicant sent out meeting invitations to be held on July 30, 2024. A summary of the meeting will be presented at the CPC hearing.

EXISTING CONDITIONS

The 45-acre subject site of this proposed rezoning is generally located on the south side of E. 27th Street (extending to Stark Avenue) and on the west side of Blue Ridge Boulevard. The site is a combination of 3 parcels with about 180 feet of frontage on Blue Ridge Blvd. Blue Ridge Boulevard and E. 27th Street are unimproved streets without curb, gutter or sidewalk at this location. There is an existing residence and multiple accessory buildings on the site. There is a large pond on the western portion of the property.

To the north is Blue Ridge Lawn Cemetery and West Rock Creek Park, zoned R-7.5. The subject site also abuts some single family residences. To the south of the site are existing single-family residence within district R-7.5. To the east are existing single-family residences within the City of Independence, Missouri. West of Stark Avenue is the Interstate Underground Warehouse and Industrial Park, zoned M1-5.

SUMMARY OF REQUEST + KEY POINTS

The applicant is seeking approval of a rezoning from District R-7.5 to District MPD, and approved a development plan which also serves as a preliminary plat allowing for a mix of uses that includes; residential, office, agricultural farm, tree service and the preservation and protection of natural resource areas in two phases.

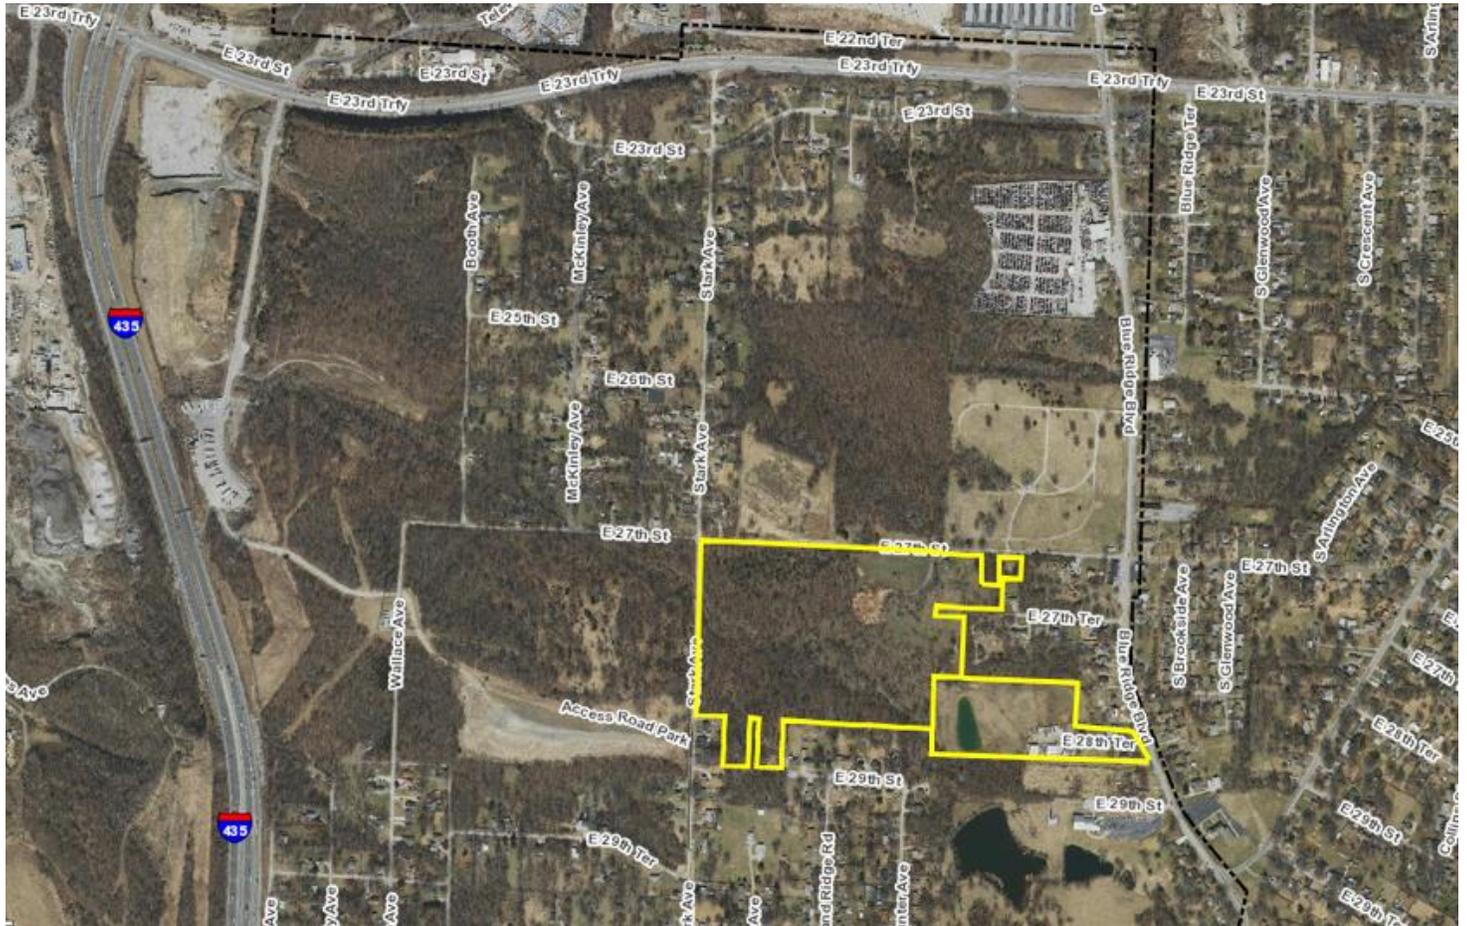

PROFESSIONAL STAFF RECOMMENDATION

Docket #2. Approval with Conditions

CONTROLLING

There is no controlling case for the site.

PROJECT LOCATION

PRIOR AND RELATED CASES

CD-CPC-2023-00085 – On October 17, 2023, the City Plan Commission recommended denial of the request to rezone about 10 acres from district R-7.5 to district R-80 generally located at the northwest corner of E. 29th Street and Blue Ridge Boulevard.

Background

The property received citations in 1997 for illegal dumping of demolition debris, storage of cars, and operation a salvage yard. These violations were resolved by obtaining BZA approval and a conditional permit with a time limit. This citation was cured with the BZA cases listed below and the site has been restored to pastoral land.

Case No. 9775-A-5 – The Board of Zoning Adjustment granted approval for a salvage yard.

Case No. 9775-A-4 – The Board of Zoning Adjustment granted approval for the construction of the large garage/ barn to store antique tractors.

Case No. 9775-A-3 – The Board of Zoning Adjustment granted Conditional Use Permit for a demolition and debris land fill till October 1, 1998.

As part of the review and testimony provided during the 2023 rezoning request, the applicant was cited for storage of commercial vehicles and for an unapproved surface parking (gravel) in a residential zoning district.

PLAN REVIEW

The applicant is seeking approval to rezone about 45 acres from District R-7.5 (Residential) to District MPD (Master Planned Development), and approval of a development plan which also serves as a preliminary plat allowing for a mix of uses that includes; residential, office, agricultural farm, tree service and the preservation and protection of natural resource areas in 2 phases. The subject site is generally located at the southeast corner of E. 27th Street and Stark Avenue. The proposed development has about 180 feet of frontage on the west side of Blue Ridge Boulevard. Access to the development is proposed via two connections, one on E. 27th Street and the other on Blue Ridge Boulevard.

The proposed Quintanilla Farm MPD will maintain the existing residence and farming operations while allowing the tree service business to operate out of the site. See attached MPD Statement. The plan shows that the existing structures will remain, and construction of four (4) new buildings. Building five (5), which is proposed as part of phase 2 is a 30,000 sq. ft. metal building with office, living quarters, equipment storage and maintenance. This is proposed along E. 27th Street and screened with street trees. The plan proposes a berm to screen the operations from the public right of way.

The plan preserve a significant amount of the existing tree canopy specifically around the regulated stream buffer. Staff has requested an accompanying stream buffer preliminary plan and a tree preservation plan as part of the revised submittal.

Parkland Dedication:

According to Chapter 88-408 of the Zoning and Development Code, the developer can either, dedicate land for public park, provide open space for park purposes or provide money in lieu of parkland dedication. A plat is providing a need for the following:

- 1 additional single-family lot x 3.7 x 0.006 = 5.5 acres
- 0.022 acres x \$64,220.18 (2024 Fees) = \$1,425.69

SPECIFIC REVIEW CRITERIA**Zoning and Development Code Map Amendments, Rezoning (88-515-08)**

In reviewing and making decisions on proposed zoning map amendments, the City Planning and Development Director, City Plan Commission, and City Council must consider at least the following factors:

A. Conformance with adopted plans and planning policies;

The Blue Ridge Area Plan recommends Low Density land use for this location. This proposed rezoning is consistent with the future land use recommendation. (OA)

B. Zoning and use of nearby property;

Nearby properties are zoned R-7.5, but primarily on smaller size parcels. The larger parcel to the south is zoned R-80. Larger tract on the west side of Stark Avenue is zoned M1-5. (OA)

C. Physical character of the area in which the subject property is located;

This is a mix of existing single-family homes zoned R-7.5 on small, medium and large tracts of land. (OA)

D. Whether public facilities (infrastructure) and services will be adequate to serve development allowed by the requested zoning map amendment;

There are existing public infrastructure serving the site. The rezoning to MPD will not require additional need for public infrastructure. (OA)

E. Suitability of the subject property for the use to which it has been restricted under the existing zoning regulations;

The current zoning designation of R-7.5 which limits animal service uses like stables for the horses. Agriculture (Animal) is specifically governed by Chapter 14 of the Code of Ordinance. (OA)

F. Length of time the subject property has remained vacant as zoned;

The property has not been vacant. (OA)

G. The extent to which approving the rezoning will detrimentally affect nearby properties; and

The rezoning is not expected to detrimentally affect nearby properties. (OA)

H. The gain, if any, to the public health, safety, and welfare due to denial of the application, as compared to the hardship imposed upon the landowner, if any, as a result of denial of the application.

A denial of the application will not provide any gain to the public health, safety, and welfare. (OA)

Development Plans, Project Plan, or Site Plan (88-516-05)

In order to be approved, a development plan, project plan, or site plan must comply with all of the following criteria:

A. The plan must comply with all standards of the Zoning and Development Code and all other applicable city ordinances and policies;

The development plan complies with the applicable sections of the Zoning and Development Code and the recommended land use of the Blue Ridge Area Plan. (OA)

B. The proposed use must be allowed in the district in which it is located;

Detached houses, office and tree service operation will be permitted in the MPD zoning district. (OA)

C. Vehicular ingress and egress to and from the site, and circulation within the site must provide for safe, efficient, and convenient movement of traffic not only within the site but on adjacent roadways;

The proposed plan meets the requirements for vehicular access and circulation. (OA)

D. The plan must provide for safe, efficient, and convenient non-motorized travel opportunities, being pedestrian and bicycle movement, on the subject site;

The proposed development plan is compliant. (OA)

E. The plan must provide for adequate utilities based on City standards for the particular development proposed.

There are adequate utilities proposed for the site. Existing water main connections are available. (OA)

F. The location, orientation, and architectural features, including design and material, of buildings and other structures on the site must be designed to be compatible with adjacent properties.

The Development Plan is proposing new building on E. 27th Street is compatible with the surrounding land uses. (OA)

G. Landscaping, berms, fences, and/or walls must be provided to buffer the site from undesirable views, noises, lighting, or other off-site negative influences and to buffer adjacent properties from negative influences that may be created by the plan.

The development plan includes a preliminary landscape plan which shows a berm to screen the operations along E. 27th Street. (OA)

H. The design of streets, drives, and parking areas within the project should result in a minimum of area devoted to asphalt or other impervious surfaces consistent with the needs of the project and city code requirements.

The proposed site plan provides an efficient layout for the proposed uses and does not create unnecessary impervious surfaces. (OA)

I. The plan must identify trees to be removed and trees to be preserved during the development of the subject property with the goal of saving trees that are not required to be removed for the development of the property.

The site is extensively vegetated, and the preservation of the trees and natural area are stated as part of the MPD Plan. Staff have requested a tree preservation plan. The existing trees within the regulated stream area will be shown on the preliminary stream buffer plan and will be preserved. (OA)

Condition(s) by Public Works Department. Contact Terry Thomas at (816) 513-2510 / Terry.A.Thomas@kcmo.org with questions.

12. The developer shall submit verification of vertical and horizontal sight distance to the Land Development Division for the drive connection to E. 27th Street public right-of-way and make improvements to ensure local jurisdiction and/or minimum AASHTO adequate sight distance standards are met, prior to issuance of any certificate of occupancy.
13. The developer shall pay impact fees as required by Chapter 39 of the City's Code of ordinances as required by the Land Development Division.
14. The developer shall submit a streetscape plan for approval and permitting by the Land Development Division prior to beginning construction of the streetscape improvements in the public right of way, and construct ADA compliant ramps at all required locations where new private drives are being added, or where existing sidewalks are modified or repaired.

Condition(s) by Water Services Department. Contact Kirk Rome at (816) 513-0368 / kirk.rome@kcmo.org with questions.

15. The developer shall employ a Missouri PE to complete a comparative analysis of the proposed fire and domestic water demands to the capacity of the adjacent water mains to supply these demands. If necessary the developer shall design and install upsized public water distribution mains to accommodate the new demands prior to building permit issuance.

Condition(s) by Water Services Department. Contact Lucas Kaspar at (816) 513-2131 / Lucas.Kaspar@kcmo.org with questions.

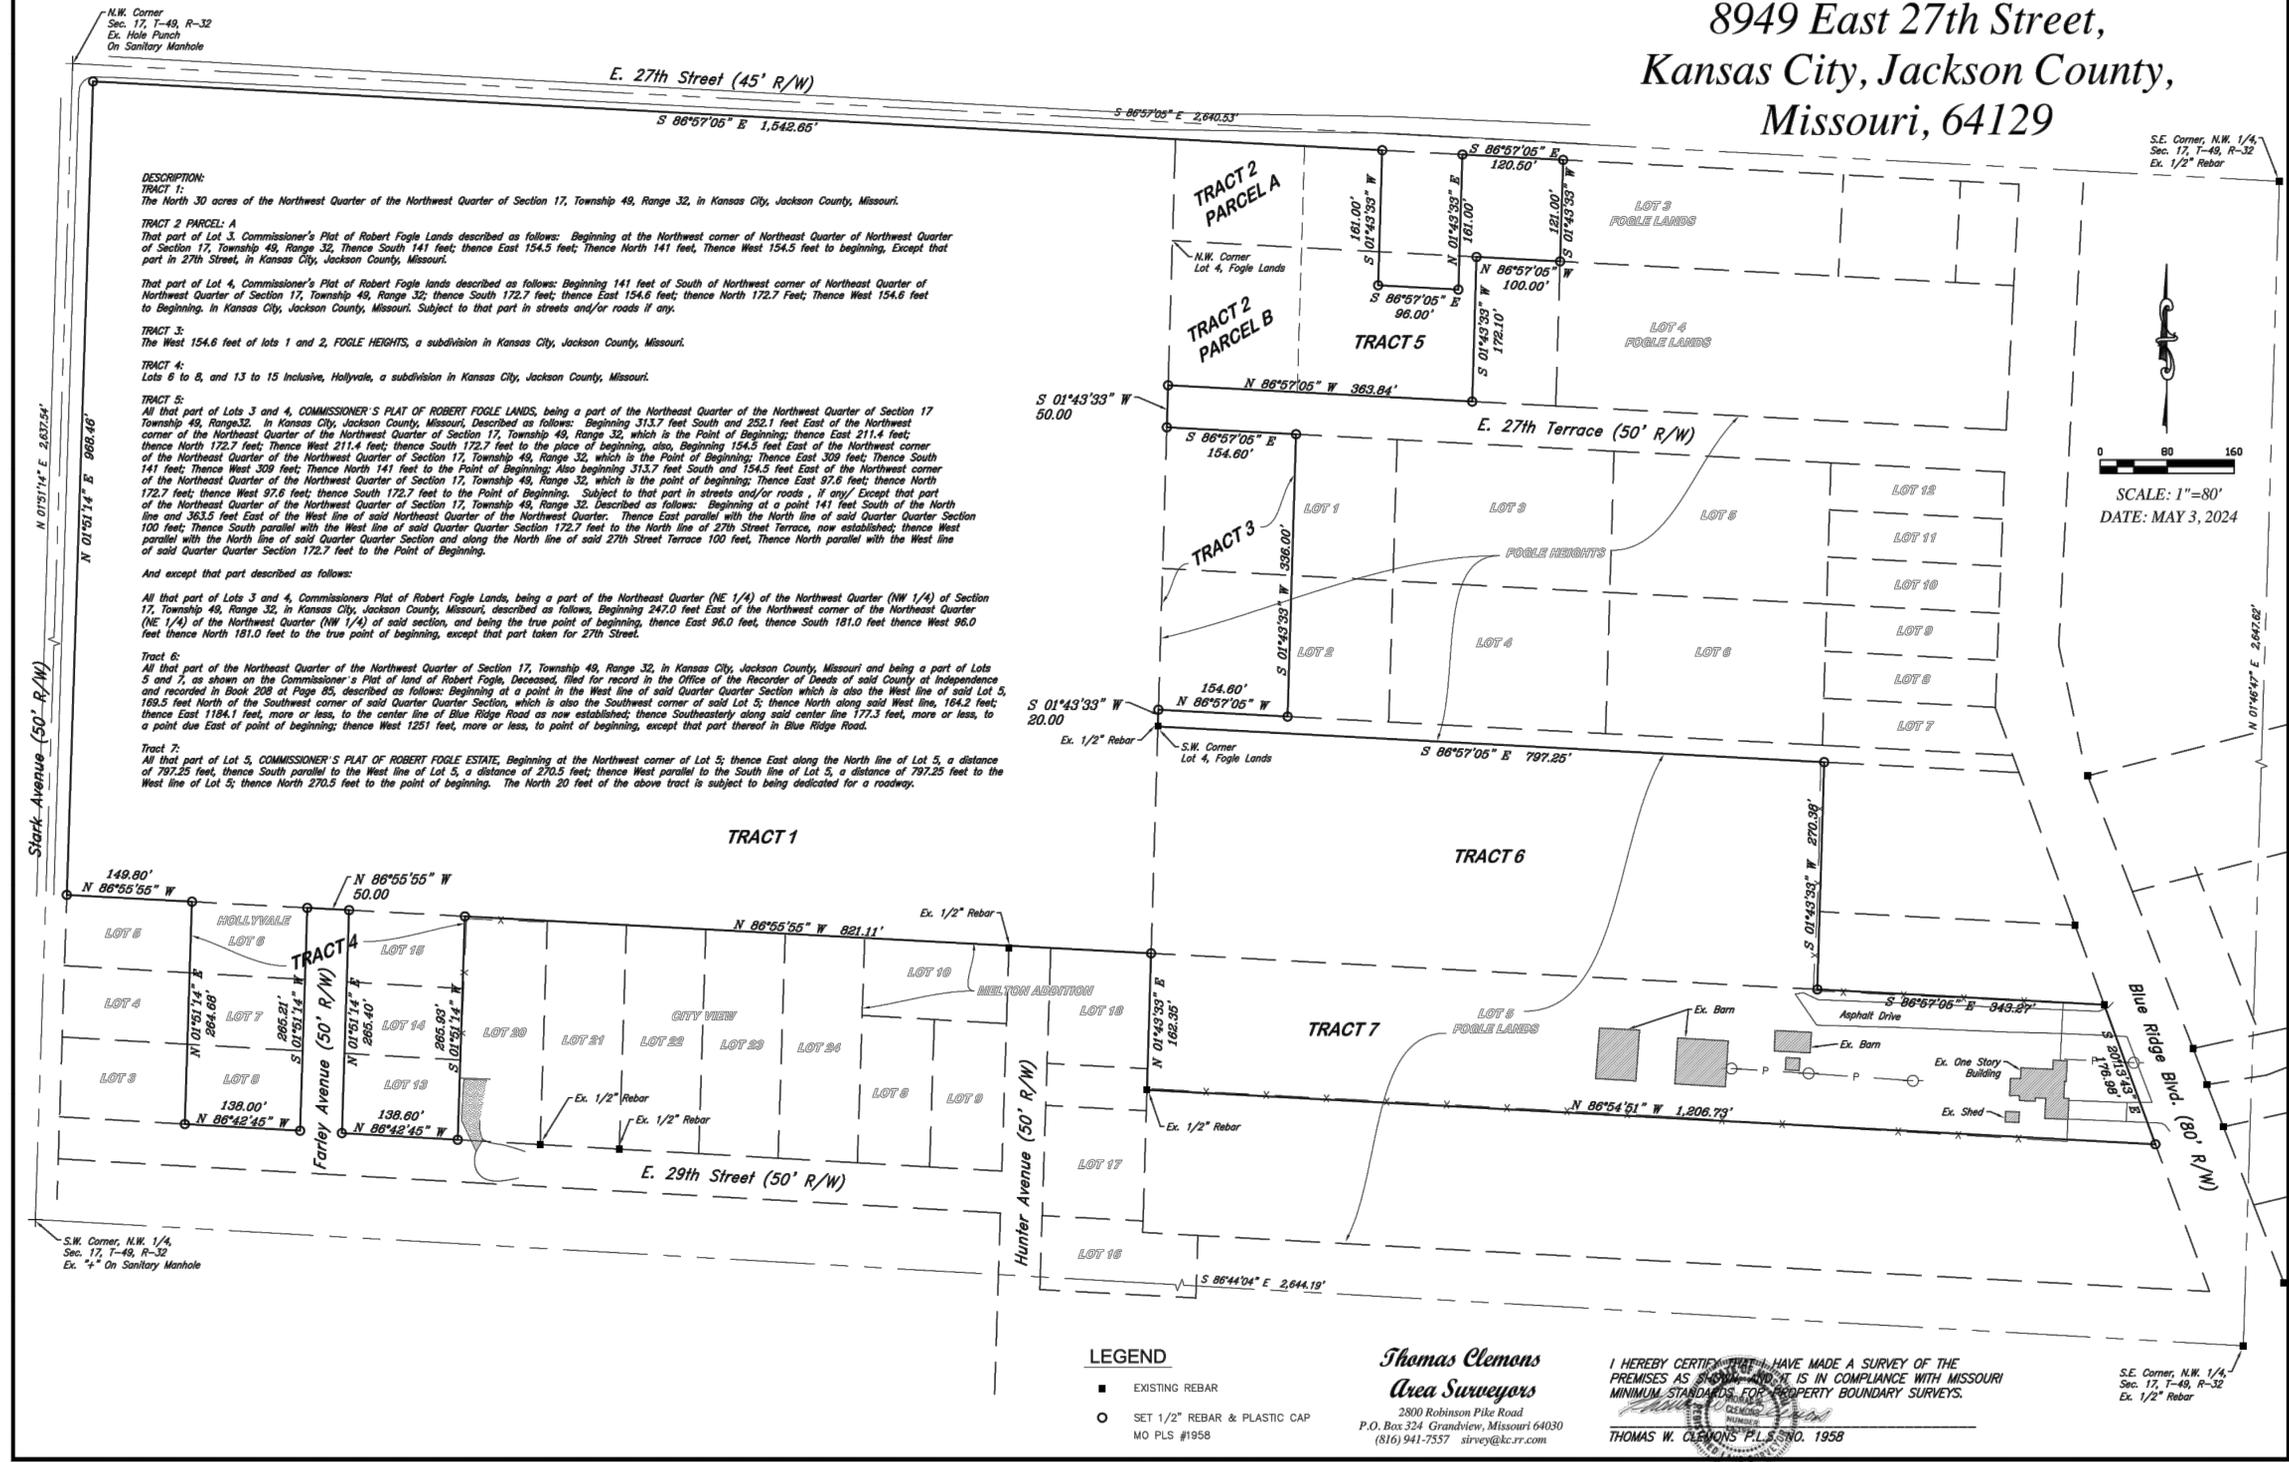

16. The developer must grant a BMP Easement to the City as required by KC Water, prior to recording the plat or issuance of any building permits.
17. The developer must grant on City approved forms, a STREAM BUFFER Easement to the City, as required by Chapter 88 and KC Water, prior to issuance of any stream buffer permits.
18. The developer must obtain the executed and recorded city approved grading, temporary construction, drainage/sewer, or any other necessary easements from the abutting property owner(s) that may be required prior to submitting any public improvements crossing properties not controlled by the developer and include said document(s) within the public improvement applications submitted for permitting.
19. The developer shall submit a Storm Drainage analysis from a Missouri-licensed civil engineer to KC Water evaluating proposed improvements and impact to drainage conditions. Since this project is within a "Combined Sewer Overflow" (CSO) district, the project shall be designed to retain rainfall of 1.5 inch depth over the disturbed area to simulate natural runoff conditions and reduce small storm discharge to the combined sewer system. Manage the 10-year storm and 100-year storm per currently adopted APWA standards. The analysis shall be submitted prior to issuance of any building permits, and the developer secure permits to construct any improvements required by KC Water prior to issuance of any certificate of occupancy.
20. The developer must submit covenants, conditions and restrictions to KC Water for review by the Law Department for approval and enter into covenant agreements for the maintenance of any private open space tracts with stream buffer zones or storm water detention area tracts, prior to recording the plat or issuance of a building permit whichever occurs first.
21. The developer shall submit a final stream buffer plan to KC Water for approval prior to issuance of any building permits and obtain permits for the Stream Buffer prior to removal of any mature riparian species within the buffer zones due to construction activities on the site, in accordance with the Section 88-415 requirements.
22. The developer shall submit a Preliminary Stream Buffer plan prior to approval of the plan in accordance with the Section 88-415 requirements.

Condition(s) by Water Services Department. Contact Lucas Kaspar at (816) 513-2131 / Lucas.Kaspar@kcmo.org with questions.

23. The owner/developer must submit plans for grading, siltation, and erosion control to KC Water for review and acceptance, and secure a Site Disturbance permit for any proposed disturbance area equal to one acre or more prior to beginning any construction activities.
24. The developer shall demonstrate that the proposed private sewage disposal system complies with Chapter 18, Kansas City Building Code, in the City's Code of Ordinances, MDNR requirements, and Health Department requirements prior to issuance of permit for private sewage disposal system.
