Transportation, Infrastructure & Operations Committee

ORDINANCE NO. 250323

Project Site Map:

Providing redundant feed to the Kansas City Wheeler Downtown Airport. Generally, the project will consist of the extension of approximately 5,000 linear feet (LF) of 16-inch diameter water main from Wyoming Street & W. 8th Street under the Missouri River to MKC, including approximately 3,300 LF feet installed via horizontal directional drill.

The Kansas City Wheeler Downtown Airport is located at 900 Richards Road, in Kansas City, Clay County, Missouri.
