Subject: 4526 Warwick Ordinance # 230705
Date: Tuesday, August 22, 2023 1:29:26 PM

To the Neighborhood Planning and Development Committee:

To even consider demolishing a gem like 4526 Warwick should be a crime! The materials and craftsmanship that have gone into this house would be hard to come by today. If this house is razed will all of the incredible woodwork, brickwork, etc., etc. just be sent to the landfill? To say "What a waste!" would be the understatement of the century!!! Preserving our built environment is so important! It's part of Kansas City's history.
