(3) COSTS: All costs associated with the construction of the proposed sidewalk improvements, including, but not limited to, signing, traffic signals, and traffic control during construction, will be borne entirely by the City, with no cost incurred by the Commission.

(4) PLANS: The City shall have detailed plans prepared at no cost to the Commission, which are to be submitted to the Commission's District Engineer for the

Commission's review and approval. The Commission's District Engineer, in his/her sole discretion, may require modifications to the plans prior to approving the plans.

(5) TRAFFIC CONTROL DEVICES: All pavement marking, signs, and traffic signals installed with the proposed improvements shall be in accordance with the latest revision of the *Manual on Uniform Traffic Control Devices for Streets and Highways*.

(7) INSPECTION: The City will allow inspection of the construction and maintenance activities of the herein contemplated improvements by the Commission's District Engineer, or his authorized representative, at any time and shall take no attempts to prevent said inspection. Within thirty (30) days following notice by the City to the Commission that construction is complete, the Commission will inspect the work to determine that it is acceptable. The sidewalk improvements will not be placed in operation until the Commission authorizes.

(8) INDEMNIFICATION:

(A) To the extent allowed or imposed by law, the City shall defend, indemnify and hold harmless the Commission, including its members and department employees, from any claim or liability whether based on a claim for damages to real or personal property or to a person for any matter relating to or arising out of the City's wrongful or negligent performance of its obligations under this Agreement.

(B) The City will require any contractor procured by the City to work under this Agreement:

(1) To obtain a no cost permit from the Commission's district engineer prior to working on the Commission's right-of-way, which shall be signed by an authorized contractor representative (a permit from the Commission's district engineer will not be required for work outside of the Commission's right-of-way); and

(C) In no event shall the language of this Agreement constitute or be construed as a waiver or limitation for either party's rights or defenses with regard to each party's applicable sovereign, governmental, or official immunities and protections as provided by federal and state constitution or law.

(9) OWNERSHIP AND MAINTENANCE: All improvements made pursuant to this Agreement within the state-owned right-of-way shall become the Commission's property. must be available at all reasonable times at no charge to the Commission and/or its designees or representatives during the period of this Agreement and any extension thereof, and for three (3) years from the date of final payment made under this Agreement.

(16) CANCELLATION: The Commission may cancel this Agreement at any time for a material breach of contractual obligations or for convenience by providing the City with written notice of cancellation. In the event the Commission decides to remove the improvements, the City shall not be entitled to a refund of the funds expended by the City pursuant to this Agreement.

(23) AUTHORITY TO EXECUTE: The signers of this Agreement warrant that they are acting officially and properly on behalf of their respective institutions and have been duly authorized, directed and empowered to execute this Agreement.

## Intra-Departmental Communication

**DATE:** August 4, 2015

**TO:** Board of Parks and Recreation Commissioners

**FROM:** Travis W. Kiefer, P.E., Assistant Dir. – Eng., Pln., & Design Division

**SUBJECT:** Cliff Drive and Spirit of KC Scenic Byways Trail – MoDOT sidewalk improvements agreement

### Background

On October 30, 2012, the Parks and Recreation Department accepted a Federal Highway Administration FY 2012 National Scenic Byways Program grant in the amount of \$832,518 for a multi-use trail connection between the Cliff Drive and Spirit of Kansas City Scenic Byways. This project design is now complete and this sidewalk agreement will allow the Parks Department to build this project on MoDOT right-of-way (ROW) in two locations. The first location is approximately 55 linear feet on I-29/35 ROW and the second location is approximately 235 linear feet under I-29/35 Bridge ROW.

This is a no cost agreement that allows the Commission to own the trail on MoDOT ROW and requires the City to maintain the trail in a fully operational, safe, and aesthetically acceptable condition.

### Recommendation

Staff recommends Board approval of this agreement with MoDOT and requests Board authorization for the Director or his designee to execute this agreement on behalf of the Board.

I, Karmen D. Houston, Secretary to the Board of Parks and Recreation Commissioners do hereby certify that the attached is a true and exact copy of Resolution #30484, adopted by the Board on August 4, 2015 and recorded in the official proceedings of that date.
