Subject: Horray for owner occupied short term rentals

Thank you for considering this important issue. As one who has rented rooms in my personal home I can **PROMISE YOU** that I am pickier and more concerned about screening and hosting good guests than my neighbors could ever be! People sharing personal homes are respectful, courteous and *no one* is a party risk. Please don't restrict anyone in KC who wants to continue to offer excellent hospitality in their personal home (and leave a favorable impression of Kansas City) with short term renters!

Gratefully,

Jackie Macgirvin, MA
