Executive Summary

Rezoning an area of about 0.8 acres generally located at the northwest corner of Ward Parkway Plaza and West 81st Street from District R-6 (Residential) to District B1-1 (Neighborhood Business). (CD-CPC-2026-00053).

Discussion

The applicant is requesting to rezone half of the approximately 0.8-acre site from District R-6 to District B1-1, except the 15 feet of the north side of the lot to create a zoning buffer from the residential district to the north. This buffer area will ensure that no development occurs within at least 15 feet of the property to the north. The subject site is a multi-tenant building across two previously platted lots that have been consolidated. In 2025, the applicant applied for a building addition (CRBC-2025-40142) on the rear side of the building and an interior renovation. During staff review, staff found an expansion of the parking area that encroached onto the R zoned District. The parking area expansion did not receive proper permitting and was in place when the current owner purchased the property. Staff worked with the applicant to add the following condition onto the permit: "That the applicant gain approval of a rezoning and seek the proper permits for the parking lot addition on the northern portion of the property prior to certificate of occupancy." Per 88-420-04 D (4): Access to off-street parking areas serving nonresidential uses may not traverse residentially zoned property. Approval of the rezoning would allow the expansion of the parking lot to remain.

There was no public testimony at the City Plan Commission. There was one letter submitted to City Staff prior to CPC that is attached to the staff report with this ordinance.
