Executive Summary

To amend Ordinance No. 240228 which set the levy rates on tangible real and personal property located in the city to generate revenue for the General Fund, Health Fund, Museum Special Revenue Fund and General Debt and Interest Fund in connection with the FY2024-25 Adopted Budget.

Discussion

Ordinance No. 240228 set the levy rates on tangible real and personal property located in the City with the FY2024-25 adopted budget. The estimated levy rates used for budget formulation were based on prior year assessed values from the four counties in which the City is located.

During the summer each county provides revised certified assessed valuations. These revised values are used to complete the state levy certification process. The purpose of the levy certification process is to ensure that no jurisdiction receives a windfall or experiences a shortfall due to changes in assessed valuation in accordance with the Hancock Amendment to the Missouri Constitution. The levy certification forms must be delivered to the County Clerks no later than October 1 each year. The calculated levies for FY24-25 are described below.

Taxes for Fiscal year 2024-25, commencing on first day of May 2024, in the total amount of \$.\$\$ per \$100, shall be levied upon all property with the City subject to taxation on January 1, 2024, under the Constitution and laws of the State of Missouri for both real and tangible property.

A general tax of XX.XX cents on each \$100 for the assessed valuation of all such taxable property is levied and imposed for municipal operating purposes to be credited to the General Fund.

A general tax of XX.XX cents on each \$100 of the assessed valuation of all such taxable property is levied and imposed for municipal operating expenses for hospitals and public health to be credited to the Heath Levy fund.

RESOLUTION - Directing the City Manager to propose to the Board of Police Commissioners the creation of a unified 911 dispatch system for both the Police and Fire Departments.

WHEREAS, the 911 emergency response system is a critical lifeline for public safety, and its efficient operation is essential to protecting lives, property, and maintaining public order in Kansas City; and

WHEREAS, the Kansas City Fire Department (KCFD) currently falls short of the National Fire Protection Agency (NFPA) recommendation of answering 95% of calls within 15 seconds; and

WHEREAS, the Kansas City Police Department (KCPD) also faces challenges in operating its 911 system, with reports of long wait times and abandoned calls, particularly during peak hours and high-volume periods; and

WHEREAS, the KCFD Communications Division and the KCPD's 911 call center struggle with staffing issues causing both agencies to put increased workload on existing dispatchers; and

WHEREAS, both KCPD and KCFD implemented separate technological upgrades and operational changes to their respective 911 systems in recent years, yet challenges persist in both departments; and

WHEREAS, the current separate 911 systems for the Kansas City Police Department (KCPD) and Kansas City Fire Department (KCFD) may lead to inefficiencies, potential delays in emergency response, and challenges in coordinating multi-agency responses; and

WHEREAS, a unified 911 dispatch system could improve resource allocation, reduce response times, enhance overall emergency service delivery to the citizens of Kansas City, and provide a more efficient use of public safety funding; and

WHEREAS, the consolidation of 911 dispatch systems has been successfully implemented in other municipalities across the United States; and

WHEREAS, Section 84.460 of the Revised Statutes of Missouri, places the Kansas City Police Department under the exclusive management and control of the Board of Police Commissioners; and

WHEREAS, an agreement with the Board of Police Commissioners creating a unified 911 dispatch system under the direction and control of the City and comprised of both the Police and Fire Departments is consistent with the Board's management and control, would further the efficient and economical operation of the Police Department, and reduce 911 call answering times in the City; NOW, THEREFORE,

BE IT RESOLVED BY THE COUNCIL OF KANSAS CITY:

That the City Manager is directed to propose to the Board of Police Commissioners of the Kansas City Police Department an agreement creating a unified 911 dispatch system under the direction and control of the City that is comprised of both the Police and Fire Departments' 911 call answering and dispatch functions.
