COUNTY RECORDING INFORMATION

Plat Dedication: NORTHLAND WORKFORCE DEVELOPMENT CENTER	Reserved for County Recording Stamp
Private Open Space Dedication: N/A	
Recorded As: Plat	

PROPERTY DESCRIPTION:

A tract being in part of the Northeast Quarter of Section 4, Township 51 North, Range 33 West in Kansas City, Platte County, Missouri, being more particularly described as follows, surveyed and described on February 5, 2025, by John B. Young, LS-2006016647:

Commencing at the Northeast corner of said Northeast Quarter; Thence South 00°32'38" West, along the East line of said Northeast Quarter, 101.50 feet, to the West Right-of-Way line of N. Platte Purchase Drive, as now established; Thence along said West Right-of-Way line on a curve to the left, having an initial tangent bearing of South 19°19'28" West, a radius of 565.14 feet, and an arc length of 32.29, to the Point of Beginning; Thence continuing along said West Right-of-Way line on a curve to the left, tangent to the last described course, having a radius of 565.14 feet and an arc length of 152.94 feet; Thence South 00°32'41" West, continuing along said West Right-of-Way line, 424.73 feet to the Easterly extension of the North line of Lot 1, PLATTE COUNTY R-III SCHOOLS - TWIN CREEK CAMPUS, a subdivision in said Kansas City; Thence along said North line the following five courses; Course 1, South 89°59'57" West, 530.91 feet; Course 2, on a curve to the right, tangent to the last described course, having a radius of 1074.00 feet and an arc length of 196.68 feet; Course 3, North 79°30'30" West, 438.44 feet; Course 4, on a curve to the left, tangent to the last described course, having a radius of 974.00 feet and an arc length of 173.61 feet; Course 5, North 89°43'15" West, 65.23 feet; Thence North 00°01'06" East, 588.41 feet; Thence on a curve to the right, having an initial tangent bearing North 87°48'01" East, a radius of 1564.00 feet and an arc length of 346.46 feet; Thence South 79°30'27" East, 434.02 feet; Thence on a curve to the left, tangent to the last described course, having a radius of 485.00 feet and an arc length of 75.97 feet; Thence South 88°28'57" East, 574.41 feet to the Point of Beginning. Contains 827,732 square feet or 19.00 acres more or less.

PLAT DEDICATION:
The undersigned proprietors of the above described tract of land have caused the same to be subdivided in the manner shown on the accompanying plat, which subdivision shall be hereafter known as: "NORTHLAND WORKFORCE DEVELOPMENT CENTER"

AVIATION AND NOISE EASEMENT:
An Aviation and Noise Easement is hereby granted by Document No. _____, in Book _____, at Page _____. The easement covering this plat boundary will be recorded simultaneously with this plat.

EASEMENT DEDICATION:
An easement is hereby granted to Kansas City, Missouri, for the purpose of locating, constructing, operating, and maintaining facilities for water, gas, electricity, sewage, telephone, cable TV and surface drainage, and grading, including, but not limited to, underground pipes and conduits, pad mounted transformers, services pedestals, any or all of them upon, over, under and along the strips of land designated utility easements (u/e), provided that the easement granted herein is subject to any and all existing easements. Any utilities located within the designated utility easements, by virtue of their existence, do hereby covenant, consent, and agree that they shall be subordinate to said public right of way in the event that additional public right of way is dedicated over the location of the utility easement. Where other easements are designated for a particular purpose, the use thereof shall be limited to that purpose only. All of the above easements shall be kept free from any and all obstructions which would interfere with the construction or reconstruction and proper, safe and continuous maintenance of the aforesaid uses and specifically there shall not be built thereon or thereover any structure (except driveways, paved areas, grass, shrubs and fences) nor shall there be any obstruction to interfere with the agents and employees of Kansas City, Missouri, and its franchised utilities from going upon said easement and as much of the adjoining lands as may be reasonably necessary in exercising the rights granted by the easement. No excavation or fill shall be made or operation of any kind or nature shall be performed which will reduce or increase the earth coverage over the utilities above stated or the appurtenances thereto without a valid permit from the Department of Public Works as to utility easements, and/or written approval of the Director of Water Services as to water main easements.

STREET DEDICATION:
Streets shown hereon and not heretofore dedicated for public use as street right-of-way are hereby dedicated.

RIGHT OF ENTRANCE:
The right of entrance and egress in travel along any street or drive within the boundaries of the property is hereby granted to Kansas City, Missouri, for the purpose of fire and police protection, maintenance of water mains, sanitary and storm sewer lines, collection of garbage and refuse and to the United States Postal Services for the delivery of mail; provided, however, such right of ingress and egress does not include any obligation to contribute for any damage to any private street or drive by virtue of the exercise of the rights stated herein and specifically, neither Kansas City, Missouri nor the U.S. Postal Service shall incur any liability by virtue of the exercise of such rights.

BUILDING LINES:
BUILDING LINES: Building lines or setback lines are hereby established, as shown on the accompanying plat, and no building or portion thereof shall be built between this line and the lot line nearest thereto.

WATER MAIN EASEMENT
A water main easement (W/E) for the operation and movement of equipment, and the movement of a working force, in connection with the location, construction, reconstruction, maintenance, operation and repair of water mains and any appurtenances thereto over, under and through land lying, being, and situated in Kansas City, Missouri ("The City") is hereby granted to The City. The City, its agents, employees or independent contractors shall have the right to go upon the above described tracts of land, for the purpose of constructing, maintaining, and repairing the water main improvements and appurtenances thereto, and shall upon completion of such construction, maintenance or repair, cause the land to be restored to substantially the same condition that existed prior to the City's entry upon it. The tract of land over which a water main easement is being granted shall be kept free from buildings or any other structures or obstructions (except non-ornamental grass, non-ornamental shrubs, sidewalks, roadways, pavement or curbs) that would interfere with the City in excavating upon said easement for the purposes of laying, constructing, operating, maintaining or repairing water mains and all appurtenances incidental thereto. No change in the earth cover over the water line will be made without the written approval of the Director of Water Services. This easement shall not be construed to prohibit development of any adjoining property or from the laying out, establishing and constructing of pavement, surfacing of roadways, curbing and gutters along, upon, over or across said easement or any portion thereof.

DRAINAGE EASEMENT:
A drainage easement (D/E) for the purpose of storm water drainage including the right to build, construct, keep, repair and maintain storm water drainage facilities under, in, over, and upon as may be necessary, being and situated in Kansas City, Missouri ("The City") is hereby granted to The City . The City shall have the right at all times to go upon the lands herein described to construct, maintain and repair the said drainage facilities as may be necessary. Nothing shall in any way interfere with the safe and unrestricted use of the land adjacent to and above said drainage facilities, nor attempt to use said property in such manner as would interfere with the proper, safe and continuous maintenance and use of said drainage facilities and specifically shall not build thereon or thereover any structure which may interfere with the maintenance and use thereof.

SEWER EASEMENT:
A sewer easement (S/E) for the location, construction, reconstruction, maintenance, operation and repair of sewerage improvements and any and all appurtenances incidental thereto in, under, upon, over and through land lying, being and situated in Kansas City, Missouri ("The City") is hereby granted to The City. By the granting of this easement, it shall not be construed to prohibit development of any adjoining property or from the laying out, establishing and constructing pavement, surfacing of roadways, curbing and gutters along, upon, over or across said easement or any portion thereof; provided, however, said easement shall be kept free from additional depth of overburden, buildings, and any other structure or obstruction (except sidewalks, roadways, pavement, grass, shrubs, fences, or curbs), which will interfere with the City in entering upon said adjacent land and easement for the purpose of laying, constructing, reconstructing, operating, repairing and maintaining such sewerage improvements and appurtenances.

MAINTENANCE OF TRACT:
TRACT A within PLATTE COUNTY R-III SCHOOLS - TWIN CREEKS CAMPUS is to be used as a detention facility and shall be maintained by the owners of the lots, tracts, and parcels shown within this plat, pursuant to the Covenant to Maintain Storm Water Detention Facility of the PLATTE COUNTY R-III SCHOOLS - TWIN CREEKS CAMPUS, recorded simultaneously with this plat.

CERTIFICATION:
I hereby certify that this drawing is based on an actual field survey made by me or under my direct supervision on the 24th day of July, 2023 and that said survey meets or exceeds the current Missouri Standards for Property Boundary Surveys, as established by the Missouri Board for Architects, Professional Engineers and Land Surveyors, and the Missouri Department of Natural Resources, Division of Geology and Land Survey.
