Discussion

The request is to consider approval of a Final Plat in District UR (Urban Redevelopment) on about 14 acres generally located at 1800 E Bannister, creating one lot for an industrial site. This use was approved in Case No. CD-CPC-2019-00228 which served as the Preliminary Plat. The controlling plan proposed to develop an industrial/warehouse development on the former Bannister Federal Complex Site. The plan does not propose to construct any public streets as all internal streets are private.

Final Plats are the legal instruments used to formally subdivide land in accordance with the layout approved in the Preliminary Plat, which is often presented in multiple phases, as this proposed plat is. The review of a Final Plat includes verification that all required public utilities have been properly extended and accepted by the City, and that stormwater detention covenants have been finalized and reviewed for compliance. This Final Plat is consistent with the previously approved Preliminary Plat and complies with all applicable lot and building standards outlined in Section 88-110 of the Zoning and Development Code.
