Date: Monday, July 31, 2023 2:45:39 PM

Dear Members of the City Council,

Please vote in support of Ordinance 230613 and Resolution 230618. If you have been paying attention, you will note that lack of transportation, the health of our world and environment, as well as safety are all important issues to your constituents throughout Kansas City. A safe, vibrant community for all means everyone has access and opportunity, these ordinances promote that belief!
