Subject: Vote YES - Ordinance 230613 and Resolution 230618
Date: Friday, July 28, 2023 5:25:20 PM

Dear Members of the City Council,

Please vote in support of Ordinance 230613 and Resolution 230618 to help make our streets safer for pedestrians, cyclists and motorists. If I'm honest, driving a car in Kansas City is more terrifying to me than riding a bike through New York City, which I did as my sole transportation (other than walking) for the many years I lived there. Now as a Kansas Citian, I long to feel safer in my car, but even more so to once again be able to run errands, go out to meet friends and get to work on my bicycle or on foot. I've been pleased to see the increased bike lanes and safer intersections being installed around the city in recent months, but we need to go further, and this ordinance and resolution are additional steps in the right direction. Please increase the safety of KC's streets by supporting these measures.

Regards,
Alexa Coyle
