1. Introduction

This document has been developed by the Office of The Mayor Pro Tem to familiarize employees with working in the City of Kansas City's City Council Office and provide information about working expectations, key policies, and procedures, affecting employment at the City of Kansas City, Missouri.

1.1 Welcome

Welcome to the offices of the City Council of the City of Kansas City! We are happy that you have become a member of our team. This handbook is a guideline that will help you become accustomed to the duties, roles and expectations of your position. Please keep a copy of this handbook handy. It should answer most, if not all, questions you might have about your new role.

This handbook is a supplement to the Department of Human Resources Rules & Policy Manual. The Human Resource Director is responsible for the administration of the rules set forth in the manual as specified in the City Charter ([Sec. 905](#)). Please refer to the Human Resources Rules and Policy Manual for most employee questions. You can find the current HR Rules and Policy Manual at HR's page on the City's MyKC SharePoint site. This handbook has been crafted as additional guidance, not a replacement to the City's formal Human Resources rules and procedures. In addition, the City has Administrative Regulations by which the City Manager establishes policies. These may also be found at the City's MyKC SharePoint site.

1.2 Elected Officials

The City Council has 13 elected officials, including the councilmembers and the Mayor. The City is divided into six council districts. The mayor and six councilmembers are elected at large, with one at-large councilmember residing in each district. The six remaining councilmembers are elected only by voters in their respective districts. Each councilmember is assisted in their duties by a Council Executive Aide and administrative staff.

1.3 Changes in Policy

This handbook supersedes all previous City Council employee manuals.

While every effort is made to keep the contents of this document current, the Mayor Pro Tem reserves the right to modify, suspend, or terminate any of the policies, procedures, and/or benefits described in the manual with or without prior notice to employees. This handbook shall be reviewed and updated, if necessary, every two years beginning October 1, 2027.

Attachments are provided as a courtesy and are believed to be accurate at the time provided. However, the attachment documents may be amended at any time, and the most current versions

shall be controlling, whether or not amended copies have been provided to those subject to this policy.

2. Training

Upon hiring, and in addition to new employee trainings provided by Human Resources, employees in the City Council Offices will undergo specialized training by the Mayor Pro Tem's staff, by the council member the employee is hired to serve, and by other departments as directed by the Mayor Pro Tem and described below. From time to time, all City staff may be required to undergo additional trainings. In addition, the Human Resources Department offers a wide array of optional training programs. City Council staff must complete the required training listed below within the time periods indicated. Training will be coordinated by the Administrative Secretary, and recordings of past trainings can be found in the K Drive. For questions, please contact the Administrative Secretary. 3. Utilizing 311 and myKCMO

The City's 311 tracks all constituent calls, and that data is highly beneficial for determining the City's budget. All constituent casework must be entered in the myKCMO system, which is available through the myKCMO app, or the internal myKCMO website:

<https://mycity.mycivicapps.com/login>. It is imperative that all Council Executive Aides utilize the myKCMO system for all interactions with residents.

Tracking constituent casework via e-mail will be acceptable as a method of tracking.

Residents are to be highly encouraged to first call 311 or enter via the myKCMO app or online at kcmo.gov/311 for all concerns and complaints. Having one point of contact is beneficial to both City staff and residents.

When fielding a constituent call, please ask if they have already contacted 311 or created a request online or in the app. If they have done so, and are still having issues, please get the case number from the resident and enter it into myKCMO to access the case history. If they have not and you attempt to assist them, please enter the case into the myKCMO system. Limited case information is available online using the City's parcel viewer, as it shows all 311 requests for each parcel.

5.1 Utilizing the Legislative Director and Interaction with City Staff for Policy Research

The Legislative Director is available to assist all Council offices with the administration, communication, research, and drafting of proposed ordinances and resolutions originating from Council requests, including committee substitutes and floor introductions; identifying legislative goals; and coordinating with the Law Department to ensure legal compliance for legislative items.

5.2 Requests of Staff

The City Manager or Assistant City Managers should be the point of contact between the City Council staff for all staff requests. The City Manager or their staff will work with the appropriate City staff to effectuate the request and/or provide a response. See the Office of the Mayor and City Manager Staff List for contact info.

6. City Council Budget

Each City Council office is allotted \$40,000 annually to pay for office-related expenses and staff in addition to their Council Executive Aides. Council members have some discretion on how those funds are allocated. However, funds are always to be used for City purposes and may not be used for personal or political purposes. A full explanation of the appropriate use of these Council Expense Accounts can be found in [Section 2-2061](#) of the Code of Ordinances. Reimbursement requests must be made within 30 days of the purchase. Reimbursement requests submitted after the close of the fiscal year will not be paid.

Each Council office must remain within its budget through the fiscal year. City Council offices need to proactively work with the Fiscal Officer to ensure that they stay within budget for the entire year. Within 15 days of a quarter's end (August 15, November 15, February 15, May 15) the Council Executive Aides should review their office's budget. Additionally, the budget shall be reviewed before submitting any travel request, reconciliation, reimbursement or other expense.

No outside funds may be accepted by any City Council office to supplement its budget.

7. Travel

All travel for which a Council office plans to seek reimbursement must be approved by the Mayor Pro Tem's office before any trip. Each City Council office can determine how to allocate funds within existing budgets to pay for travel for official City business. Travel for City business may include, but is not limited to, participation in events for the following groups:

National League of Cities

In addition, Councilmembers may request reimbursement from the legislative account for trips to Jefferson City, if those trips are pre-approved by the Mayor Pro Tem's office.

P-cards can be used to pay for conference registrations. Airfare and hotel reservations should be made through the City's official travel agent using the Travel Card held by the front office staff

City Council travel paid for by a City Department or affiliated entity such as the EDC or any of its agencies, Port Authority, or other similar entity must be for official business only. In addition, any travel paid for by a City Department must be documented in writing to the Mayor Pro Tem's office, outlining the purpose of the trip, the department that paid for the trip, and the dates traveled.

No travel advances will be given. All travel must comply with the provisions of Section [2-2062](#), Travel and other expenses, of the City's Code of Ordinances as well as the City's [Administrative Regulation No. 3-03](#).

Please understand that the hiring process involves multiple steps and there is a check list available from the Administrative Secretary. Please plan appropriately to allow enough time to complete the process. Preliminary considerations for such hiring include:
