Dear Public Testimony Public Testimony,

Please vote in favor of Resolution #230257 and keep the mobility recommendations in place and unchanged. The KC Spirit Playbook is an excellent framework for creating the most livable Kansas City possible, and I'm particularly excited about the mobility aspects included in the plan. Complete Streets design and developing incentives to reduce single-occupancy vehicle trips are vital to creating a Kansas City that is safer, more walkable, and easier to get around without a car. This will also create a more climate-friendly city we can be proud of. Again, please support Resolution 230257 and keep the mobility options in place unchanged.

Regards,
