To whom it may concern,

It's come to my attention that Matt's studio is up for rezoning. I wanted to share my personal experience regarding this important and creative studio.

I have always dabbled in photography but didn't know about the "business" of it. Matt offers his time and expertise as a mentor to people like me. People who need education, support, effort, and a good and caring friend. I had an internship at Northlight Studio in 2021 and I learned so much from Matt! I will always be grateful for that time shared together, learning about business tapping into my creativity, and getting to practice my craft.

Please, I urge you all to understand the importance of a human like Matt and what he offers the community. 🙏

Thank you for your time and consideration.

Sincerely,

Marilee Rose
