<p>Discussion <i>(including relationship to other Council actions)</i></p> <p>On July 16, 2021, a water main burst and caused property damage at 7900 Summit Street, Kansas City, Missouri. The main break was located next to the residence. Water flowed down the driveway, through the front, side and backyards and entered the residence through the garage. The water reached all areas of the residence to a depth of approximately eight to ten inches. Because the residence is a one-story, slab foundation home, water entered the living area. The residence is uninhabitable until repairs have been completed. The property was in good, pre-loss condition.</p>	<p>Applicants/Proponents</p>	<p>Applicant</p> <p>City Department</p> <p>Other</p>
