### **Alcohol Beverage Advisory Group to meet **February 6****

The City of Kansas City, Missouri's, Alcohol Beverage Advisory Group will conduct its next meeting on **Monday, February, 6** at **9:00 a.m.** The meeting will be held at the Regulated Industries Division office at Century Towers, 635 Woodland Avenue in suite 2101.

At this meeting, the Alcohol Beverage Advisory Group will discuss amending Chapter 10, Code of Ordinances, by repealing Section 10-106, Extended hours permits, and enacting in lieu thereof a new section of like number and subject matter to better ensure that the voting process in place attempts to obtain information from those property owners who would be most impacted by an extended hours permit being issued to a restaurant or bar in close proximity to them.

The Alcoholic Beverage Advisory Group consists of 12 members from the community and the manager of the Regulated Industries Division. The purpose of the group is to review recommended changes to Chapter 10 of the City Ordinance when they are made. Recommendations are made regarding public safety and take into consideration new standards and advances within the liquor industry as they may apply to the current liquor laws. The manager of Regulated Industries Division shares the Alcohol Beverage Advisory Group's recommendations with the City Council for further review and consideration.
