I am emailing to extend my full support to Right to Counsel in Kansas City.

I believe that we all deserve a level playing field and that's exactly what this will do. I have held the hands of and helped pick up the pieces with too many people I care about as they experienced being made homeless. I've watched moms pack their kids' clothes in a panic and tell them to pick just one toy to bring with them as a sheriff's deputy ordered them to hurry up. Those are memories you carry with you forever.

I am looking forward to sending a follow-up thank you from the bottom of my heart later tonight when Right to Counsel is passed and you helped make it happen.
