LEGISLATION IN BRIEF:

ELC Community Health Worker Initiative

What is the reason for this legislation?

This ordinance is to accept the 607,200.00 Epidemiology & Laboratory Capacity (ELC) Community Health Worker Initiative grant to assist with education, surveillance, referrals to program and resources to mitigate COVID-19 and help control risk factors for severe disease in Kansas City, MO.

Discussion (including relationship to other Council actions)

Community Health Workers (CHW) work to improve health outcomes for diverse populations. They are used to extend the reach of the health department by providing health education services in all areas throughout the City. CHW's will identify and work with vulnerable individuals and make referrals to services that can address their health care and healthy living needs.
