Dear city council,

My name is Adam Rossi and I live in the third district. I am writing to ask everyone on the council to vote yes on the Climate Protection and Resiliency Plan without any weakening amendments or changes. We deserve a climate plan that will not only uplift our environment, but also uplift our communities. I'm excited to see Kansas City pass a framework that endorses green social housing, closes the Hawthorn Coal Plant, maximizes convenient and accessible public transit, and electrifies our homes and buildings to protect the most vulnerable people. As written now, this plan better reflects the people of Kansas City, not fossil fuel executives or their friends; therefore, it must pass in full, without any industry-backed amendments intended to water down the will of the community. We are counting on you to pass the CPRP and give us a livable future.

Thank you for making Kansas City the best city in the WORLD, a city with the best climate action plan in the region!

Sincerely,

Adam Rossi
