Subject: Ordinance #220961- Yes, Yes, YES to More Trees in KC! Lauren Hruby
Date: Thursday, December 1, 2022 10:22:01 AM

Good morning!

I wanted to take a moment and reach out to say how much I am in favor of preserving our mature trees and planting more trees for the future. I'm so proud of the tree-lined streets and neighborhoods we have here in Kansas City and I hope that the city does everything in its power to protect, preserve and populate our tree coverage.

Thanks so much and Happy Holidays,

Lauren Hruby
